

All-Breed SUPER Health Clinic

Deep River Animal Hospital
171 Winthrop Rd, Deep River, CT 06417
Sunday, May 5, 2019

IMPORTANT NOTICE – PLEASE READ

Reservations with payment must be received by Friday, April 26, 2019.

Please email Mary (mary.mddk@gmail.com) with any questions and/or if your reservation is delayed.

Dr. Daniel Dorbandt, DVM, MS, DACVO, will be testing our dogs' eyes. Dr. Dennis Trafny, DVM, DACVIM, will be providing Cardiac Auscultation and Echocardiograms. Dr. Judy Pawlusiow, DVM, DACVIM(SAIM), will be testing our dogs' hearing (BAER test). Dr. Christine Scruggs, VMD, and her staff will be providing X-rays and other tests.

Please remember that this is a clinic, there will be no time for consultation with the Veterinarians.

We are offering:

- **Eye exams (ACVO CAER/CERF)** by Dr. Dorbandt, DVM, MS, DACVO.
- **Cardiac Auscultation and/or Echocardiogram** by Dr. Trafny, DVM, DACVIM. **NOTE:** The owner is NOT present in the room during the echocardiogram. If there is something abnormal or there are follow-up questions, a separate appointment with a veterinary cardiologist will be needed.
- **Hearing test (BAER).** Owners can hold their pets during the tests and results are OFA and breed certifiable.
- **Anesthesia-free X-rays** of hips and elbows for OFA evaluation or preliminary screening. If your dog is unable to be restrained on the day, you will be given a refund of the cost. **Please NO dogs over 80 lbs.** An image of your dog's X-rays will be provided to you by email by Dr. Chris. All X-rays will be submitted to OFA. You will not be informed of the results at the clinic. All forms for the X-rays **MUST** be filled out in advance and sent in with your registration. The forms are available at https://www.ofa.org/wp-content/uploads/2018/02/hdedapp_bw.pdf. Your credit card number **MUST** be put in the appropriate place on the form for payment of the OFA fees.
- **SNAP 4DX Plus** blood test for heartworm and tick-borne diseases. You will be handed a Test Results Sheet for your dog before you leave so that you may take it to your veterinarian for consultation.

Other tests offered will be considerably discounted from your normal veterinary costs. They include:

- Senior Wellness Chemistry (recommended annually for any dog over 7 years old) that includes Superchemistry, CBC, T4, UA
- T4 alone
- CBC alone
- Brucella Test

You will receive these blood test results when available in an email from Dr. Chris

Also offering, (at no charge for PWDs only), a blood draw for the CHIC DNA Repository. The Repository collects and stores canine DNA samples along with corresponding genealogic and updated health information. Any qualified genetic researcher may apply to have access to these samples. You will need to download and fill out the form for the DNA repository and answer the health questions on the reverse side. The form can be reached from www.offa.org by clicking on "Application Forms" at the top of the main page and scrolling down to the DNA Repository Application.

If there are any other tests that you would like performed on your dog(s) other than the ones listed, please contact Mary (mary.mddk@gmail.com; 203-209-1346). She will get back to you promptly with availability and pricing.

Please read and complete the Registration Form carefully and please be sure to send a check for the correct amount. **Don't forget to send a copy of your dog's AKC Registration Certificate with your clinic registration form.** If registering for X-rays and/or Chic DNA draw, remember to download, print, fill out and send a copy of the proper forms in with your registration as noted above.

Our thanks go to Dr. Chris and the staff of Deep River Animal Hospital for the use of their clinic.

See you there!
